2. There are 12 seconds in a year.

Saint Peter said, "OK, I'll buy the Today and Tomorrow, even though it's not the answer I expected, so your answer is correct. But how did you get only 12 seconds in a year?"

He thinks for a moment, then his curiosity gets the better of him, and he says, "Okay." Once in the Indo Pakistan war, Pakistan was fighting fiercely and capturing

everything in sight. A sikh camp called Gurudwara hideout was crucial to defend from the pakistanis as it contained all the defence secrets. The pakistani forces surrounded the base and the sikhs had thought that they had lost the battle but, suddenly out of the bushes jumps Captain. Hari Singh wearing a Maachar dani!(mosquito net) He Pulls out his AK-47 rifle and fires like mad. The pakistanis run off quickly. The next day Hari Singh gets a medal. His friends ask him "Yaar tu maachar daani kyon pehenke gaya tha?" Hari Singh replies "Maachar daani itni patli hote hain ki agar maachar nahin ghus sakte, goli kahan se ghussenghi?"

In the following war Hari Singh retires and his son Gani Singh (No Assumptions Please!) joins the army. Pakistanis are again surrounding the Gurudwara hideout, the sikhs again think they've lost the war but out of the bushes erupts Gani Singh wearing nothing he tries to shoot away the pakistanis like his father did but instead gets shot. In the hospital his friends tell him "aare yaar, terre bap me tho itni akal thi ki vo maachar daani pehin ke gaya tha, aur tu nunga chale gaya". He tries to cover his ear but the problem remains persistent. Ultimately he gets up and catches the mosquito in his hand. He is very kind and not for the blood shed but still wanted to take revenge. There were 4 sardars in Mumbai. They decided to start a business.They had a lot of discussions on the type of business and finally decided to start a hotel. They selected the best of locations and cooks and built the hotel.

The hotel was inaugrated and was awaiting its first customer. The sardars waited and waited but nobody turned up. The story was the same the next day. A week passed but noboby turned up.

WHY ? -

Bcos there was a sign at the entrance "Visitors not allowed."

After the failure of their hotel they decided to start an auto garage. They bought the best of car servicing equipments and soon started the garage.

The 4 sardars waited that day for the first car to arrive but no car entered their garage. They waited for one day, 2 days ,a week but no car came to their garage.

WHY ?

B'cos their garage was on the first floor.

After this failure they decided to fall back on the good old taxi driving. They bought a new Premier Padmini running on CNG and began to look for passengers. They drove past Churchgate but nobody hailed their taxi. They went to Nariman point yet nobody hailed their taxi. They drove to Chatrapati Shivaji Terminus, even there nobody hailed their taxi. In desperation they kept on driving all around Mumbai but alas no one hailed their taxi.

WHY ?

B'cos all the four sardars were sitting in the taxi.

All the 4 sardars were very disgusted with their naseeb and decided to push their taxi into the sea at Marine Lines. They started pushing their taxi.

They pushed the whole day and were very exhausted but the taxi did not move even an inch. They decided to rest for the night and start the next day. The next day the story repeated itself. The taxi just wouldnt move. They pushed for a whole week but the taxi wouldnt budge.

## ARCHER

A duke was hunting in the forest with his men-at-arms and servants; he came across a tree. Upon it, archery targets were painted and smack in the middle of each was an arrow.

"Who is this incredibly fine archer?" cried the duke. "I must find him!"

After continuing through the forest for a few miles he came across a small boy carrying a bow and arrow. Eventually the boy admitted that it was he who shot the arrows plumb in the center of all the targets.

"You didn't just walk up to the targets and hammer the arrows into the middle, did you?" asked the duke worriedly.

"No my lord. I shot them from a hundred paces. I swear it by all that I hold holy."

"That is truly astonishing," said the duke. "I hereby admit you into my service." The boy thanked him profusely.

"But I must ask one favor in return," the duke continued. "You must tell me how you came to be such an outstanding shot."

"Well," said the boy, "first I fire the arrow at the tree, and then I paint the target around it."

A lawyer and a blonde woman are sitting next to each other on a long flight from LA to NY. The lawyer leans over to

her and asks if she would like to play a fun game. The blonde is tired and just wants to take a nap, so she

politely declines and rolls over to the window to catch a few winks. The lawyer persists, saying that the game is

really easy and a lot of fun. He explains how the game works: "I ask you a question, and if you don't

know the answer, you pay me, and visa versa." Again, she politely declines and tries to get some sleep. The chauvinistic lawyer figures that since his opponent is a blonde he will easily win the match, so he makes another

offer: "Okay, how about this "I f you don't know the answer you pay me only \$5, but if I don't know the answer, I will pay you \$50."

This catches the blonde's attention and, figuring that there will be no end to this torment unless she plays, she agrees to play the game. The lawyer asks the first question. "What's the distance from the earth to the moon?"

The blonde doesn't say a word, reaches in to her purse, pulls out a five dollar bill, and hands it to the lawyer.

Now, it's the blonde's turn. She asks the lawyer, "What goes up a hill with three legs, and comes down with four?"

The lawyer looks at her with a puzzled look. He takes out his laptop computer and searches all his references. He taps into the Air phone with his modem and searches the Net and even the Library of Congress. Frustrated, he sends E-mails to all his co-workers and friends he knows. All to no avail.

After over an hour, of searching for the answer he finally gives up. He wakes the blonde and hands her \$50. The blonde politely takes the \$50 and turns away to get back to sleep.

The lawyer, who is more than a little frustrated, wakes the blonde and asks, "Well, so what IS the answer?"

Again without a word, the blonde reaches into her purse, hands the lawyer \$5, and goes back to sleep.

### **REST IN PEACE**

A new business was opening, and a long-time friend of the owner decided to send flowers for the occasion. He arrived at the "grand opening", accepted a glass of champagne and a warm handshake from his host, then browsed about the room examining the many floral arrangements and potted plants. Finally, he happened upon his own offering, only to find an attached card bearing this sentiment: "Rest in Peace"

Embarrassed and irate at the florist's error, he phoned to lodge a complaint. After venting his anger in a lengthy tirade, he waited impatiently for the florist's explanation. "Sir, I'm really sorry for the mistake, but rather than getting angry....imagine this: Somewhere a funeral is taking place today, and they have a lovely floral spray with an attached note saying: Congratulations on your new location!"

### **Perplexing Paradox No. 1**

A crocodile caught a kid and when kid's mother came for rescue, crocodile posed her a question - 'U can make a statement. If you speak the truth in it, i will return your kid . Otherwise i will eat him.' And the mother agreed.

The clever mother made the statement - "You will eat my kid". Now, the crocodile is in a dilemma of what to do.

### Perplexing paradox No. 2

A king caught the bandit chief and before punishing , offered him a statement. The king said ' You can make a statement. I f you say the truth in it, you will be shot and if not you will be hanged ' . The clever bandit chief replied ' I will be hanged'. The king got into a dilemma of what to do.

### Perplexing Paradox No. 3

Few centuries ago, a Law teacher came across a student who was willing to learn but was unable to pay the fee. The student struck a deal saying ' I would pay your fee the day i win my first case in the court'.

Teacher agreed and proceeded with the law course.

When the course was finished and teacher started pestering the student to pay up the fee, student reminded the deal and pushed days. Fed up with this, the teacher decided to sue the student in the court of law and both of them decided to argue for themselves.

The teacher put forward his argument saying : " I f i win this case, as per the court of law, student has to pay me.

And if i lose the case, student will still pay me because he would have won his first case. So either way i will have to get the money ".

Equally brilliant student argued back saying : "I f i win the case, as per the court of law, i don't have to pay

anything to the teacher. And if i lose the case, i don't have to pay him because i haven't won my first case yet. So either way, i am not going to pay the teacher anything ".

### Blonde Joke

Last summer, down on Lake Isabella, located in the high desert, an hour east of Bakersfield, a woman, who happened to be blonde, and new to boating was having a problem. No matter how hard she tried, she just couldn't get her brand new 22-ft Bayliner to perform. It wouldn't get on a plane at all, and it was very sluggish in almost every maneuver, no matter how much power she applied.

After about an hour of trying to make it go, she putted over to a nearby marina. Maybe they could tell her what was wrong. A thorough topside check revealed everything was in perfect working order. The engine was fine, the outdrive went up and down, the prop was the correct size and pitch.

So, one of the marina guys jumped in the water to check underneath. He came up choking on water, he was laughing so hard. Under the boat, still strapped securely in place, was the trailer.

## CAR RIDE

A guy is standing at a bus stop in the pouring rain with no coat or umbrella, when a car slides up to the kerb and stops beside him. Thinking he has just been offered a lift he opens the door and gets in relieved to be out of the wet. "Thanks pal I thought I would never....." he looks across at the driver and there is no one in the seat. Next thing the car moves off silently and for the next four miles it stops at every red light, obeys every traffic law and finally comes to a stop at the top of the road where the guy lives - he is by now in a severe state of shock and anxiety and the only reason he has not jumped from the car en-route is because it was travelling so slowly that he knew he could get out at any time if something unearthly happened. Anyway it was going his way and keeping him dry! Now it is stopped at the kerb again just up the street from where he lives and the guy gets out, closes the door and as he turns to head off home he bumps into another guy who is going to get into the car. "Hey buddy I would not get in that car if I were you there's something weird about it" "Yeah, I know" says the second guy " But I've just pushed it four miles and I really need the rest".

## DIARY

Monday: Now home from honeymoon and settled in our new home, it's fun to cook for Bob. Today I made an angel food cake and the recipe said, "Beat 12 eggs separately." Well, I didn't have enough bowls to do that, so I had to borrow enough bowls to beat the eggs in. The cake turned out fine.

Tuesday: We wanted a fruit salad for supper. The recipe said, serve without dressing." So I didn't dress. But, Bob happened to bring a friend home for supper that night. Did they ever look startled when I served the salad.

Wednesday: I decided to serve rice and found a recipe which said, "Wash thoroughly before steaming the rice." So I heated some water and took a bath before steaming the rice. Sounded kinda silly in the middle of the week. I can't say it improved the rice any.

Thursday: Today Bob asked for salad again. I tried a new recipe. It said, "Prepare ingredients, then toss on a bed of lettuce one hour before serving." I hunted all over the garden by my mom's. So I tossed my salad into the bed of lettuce and stood over there one hour so the dog would not take it. Bob came over and asked if I felt all right. I wonder why?

Friday: Today I found an easy recipe for cookies. It said, "Put all ingredients in a bowl and beat it." Beat it I did, right over to my mom's house. There must have been something wrong with the recipe, because when I came back home again it looked the same as when I left it.

Saturday: Bob went shopping today and brought home a chicken. He asked me to dress it for Sunday. I'm sure I don't know how hens dress for Sunday. I never noticed back on the farm, but I found a doll dress and some little shoes. I thought the hen looked real cute. When Bob saw it, I wondered why he counted to 10.

Sunday: Today Bob's folks came to dinner. I wanted to serve roast, but all we had in the icebox, was hamburger. So I put it in the oven and set the controls for roast. Must be the oven, because it still came out hamburger.

Good night, Dear Diary. This has been an exciting week. I am eager for tomorrow to come, so I can try a new recipe on Bob.

### **Discrimination**

On a British Airways flight from Johannesburg a middle-aged, white South African Lady found herself sitting next to a black man. She called the cabin crew attendant over to complain about her seating. "What seems to be the problem Madam?" asked the attendant. "Can't you see?" she said " You've sat me next to a kaffir. "I can't possibly sit next to this disgusting human. Find me another seat!" "Please calm down Madam." the stewardess replied. "The flight is very full today, but I'll tell you what I'll do-I'll go and check to see if we have any seats available in club or first class."

The woman cocks a snooty look at the outraged black man beside her (not to mention many of the surrounding passengers).

A few minutes later the stewardess returns with the good news, which she delivers to the lady, who cannot help but look at the people around her with a smug and self-satisfied grin: "Madam, unfortunately, as I suspected, economy is full. I've spoken to the cabin services director, and club is also full. However, we do have one seat in first class." Before the lady has a chance to answer, the stewardess continues ... "It is most extraordinary to make this kind of upgrade, however, and I have had to get special permission from the captain. But, given the circumstances, the captain felt that it was outrageous that someone be forced to sit next to such an obnoxious person." With that, she turned to the black man sitting next to the woman, and said: "So if you'd like to get your things, sir, I have 1st class seat ready for you..." At which point, apparently the surrounding passengers stood and gave a standing ovation while the black guy walked up to the front of the plane.

### DIVER

One day a diver was enjoying the aquatic world 20 ft below sea level. He noticed a guy at the same depth he was, but he had on no scuba gear whatsoever. The diver went below another 20 ft but the guy joined him a few minutes later. The diver went below 25 ft, but minutes later, the same guy joined him. This confused the diver, so he took out a waterproof chalk-and-board set, and wrote, "How the hell are you able to stay under this deep without equipment?" The guy took the board and chalk, erased what the diver had written, and wrote, "I'M DROWNING, YOU MORON!!!"

### INTERVIEW

Subj: electrical engg

People come up with peculiar or funny answers in interviews or exams:

Interviewer: Why is a thicker conductor necessary to carry a current in A.C. as compared to D.C. ?

Candidate: An AC current goes up and down (drawing a sinusoid) and requires more space inside the wire, so the wire has to be thicker.

Interviewer: How will you tell if that wall outlet carries AC or DC ?

Candidate: I will put my finger in. If it is pushed away, it is DC. If it gets stuck, it was AC.

A few weeks later, the same man entered the tavern and again saw the elephant at the bar, only this time with a bowl of \$20,000 in front of him. The bartender came up to him and said, "Last time you were able to make him laugh, but I doubt you can win this prize by making him cry." The man then walked over to the elephant and stood directly in front of him so they were barely a few inches apart. The elephant immediately started bawling, crying uncontrollably with his giant tears filling nearby beer mugs.

The bartender gave the man his \$20,000 prize but asked him. "What on earth did you say to make the elephant first laugh and then cry?" "The first time", said the man, " I told him that mine was bigger than his" "The second time, " he continued, "I showed him"

### **Blonde Blitz....**

A noted psychiatrist was a guest at a blonde gathering, and his hostess naturally broached the subject in which the doctor was most at ease. "Would you mind telling me, Doctor," she asked, "how you detect a mental deficiency in somebody who appears completely normal?" "Nothing is easier," he replied. "You ask a simple question which anyone should answer with no trouble. If he hesitates, that puts you on the track." "What sort of question?" "Well, you might ask him, 'Captain Cook made three trips around the world and died during one of them. Which one?' The blonde thought a moment, then said with a nervous laugh, "You wouldn't happen to have another example would you? I must confess I don't know much about history."

### **DHABA**

Kekey da dhaaba (in London) has evoked another anecdote on cheap eating places. An Indian abroad ran out of foreign exchange and went looking for the cheapest eating place in town. He located an Indian restaurant and went in. He found three sections: 'European, Chinese, and Indian' He went into the Indian. It was divided into two: Vegetarian and non-vegetarian. He went into the vegetarian which was further divided into pure ghee and vanaspati. He went to the vanaspati section and found yet another division: Cash or credit. Cheered at the prospect of not having to pay in foreign exchange he opted for the Credit section. When he got to it he found the sign: "Exit: get out."

## BEER TEST

Warning: Beer Contains Female Hormones

Yesterday, scientists for Health Canada suggested that men should take a look at their beer consumption, considering the results of a recent analysis that revealed the presence of female hormones in beer. The theory is that drinking beer makes men turn into women. To test the finding, 100 men were fed 6 pints of beer each. It was then observed that 100% of the men gained weight, talked excessively without making sense, became overly emotional, couldn't drive, failed to think rationally, argued over nothing, and refused to apologize when wrong. No further testing is planned.
